

Aviation Security Company Limited

Assistant Manager (Internal Audit – IT Specialist)

Job Responsibilities:-

- (a) Manage multi-disciplinary audits independently with focus on IT governance, IT general and application controls, cybersecurity, IT infrastructure security, and other related areas;
- (b) Appraise and advise on the adequacy of internal controls and compliance with the Company policies, procedures, and regulatory requirements;
- (c) Provide practical, value-added recommendations to enhance internal controls and operational efficiency, with action plans formulated in liaison with relevant parties and to monitor the subsequent proper implementation;
- (d) Support the Internal Audit team in data analytics to identify insights and drive initiatives aimed at improving the effectiveness and efficiency of internal audit processes;
- (e) Stay updated on emerging IT security threats, regulatory changes, and industry best practices;
- (f) Contribute to the continuous improvement of audit methodologies and practices within the Internal Audit Division; and
- (g) Deliver assurance and advisory services, and conduct ad-hoc assignments for the Company as directed.

3. Job Requirements:-

- (a) Bachelor's degree or above in Information Technology, Computer Science, Information Systems, Auditing, or related fields;
- (b) Professional certifications, such as Certified Information Systems Auditor (CISA), Certified Information Security Manager (CISM), or Certified Internal Auditor (CIA) are highly preferred;
- (c) Minimum of 5 years of relevant experience in IT audit, IT risk management, cybersecurity, and/or data security and management;
- (d) Strong understanding of IT infrastructure, application controls, cybersecurity frameworks, and data privacy standards (e.g., ISO 27001, NIST);
- (e) Familiarity with IT governance frameworks (e.g., COBIT, ITIL), and relevant regulatory requirements;
- (f) Experience with data analytics tools and ERP systems, such as Power BI, Tableau, and SAP, is a plus;
- (g) Excellent analytical and problem-solving skills;
- (h) Strong communication and report-writing abilities;
- (i) Excel at working independently and collaborating effectively within teams;
- (j) High level of integrity, professionalism, and attention to detail; and
- (k) Proficiency in both spoken and written English and Chinese.
